

# Our promises to you

## Travel - we will

**Encourage** bus operators to provide peak time services to popular destinations

**Improve** traffic flow by changing more traffic lights to part time operation

**Introduce** out of town car parks to encourage drivers to car share into town

**Provide** free parking at attractive shopping times

## Communities - we will

**Promote** community schools and recreational facilities as alternatives to “street corners” and keep our leisure centres affordable to all

**Prioritise** the renovation of our 1000 plus empty properties to bring them back into habitable accommodation

**Work closely** with the police to address problems swiftly - strong networks NOT buck passing

## People First - we will

**Ensure** that everyone who needs one has a personal care plan in place ensuring continuing independence and lifestyle choices

**Promote** enhanced and expanded co-operation with the voluntary sector and health and raise awareness of what support is available

## Development - we will

**Create** a change of direction in regeneration as our main towns have suffered as a result of out of town development

## Tourism - we will

**Ensure** that our many excellent attractions such as European recognised dunes and blue flag beaches at Merthyr Mawr, Porthcawl and Kenfig Pool are successfully regenerated and promoted to develop tourism and create quality jobs

**WELSH LIBERAL DEMOCRATS - DEMOCRATIAID RHYDDFRYDOL CYMRU**
